

# Congratulations to the WINNERS!

and a massive thank you to all  
the fantastic entries we received  
this year.

## Health Tech Digital Awards 2020

We are pleased to announce the winners below:

### Best Wearable Technology Solution – MyHealth.US

In moments of emergency, everyone needs easy access to their health records, health diary and emergency contacts. MyHealth.US is the solution that empowers individuals, families and organizations to own their health future and be prepared for any situation by providing instant access to their emergency medical profiles. With 24/7 support and assistance, patients are able to better manage their health, get better care, lower their medical bills and reduce the chance for medical error.
